200kW installation at Stafford Motor Company

## KEY BENEFITS OF SOLAR ENERGY

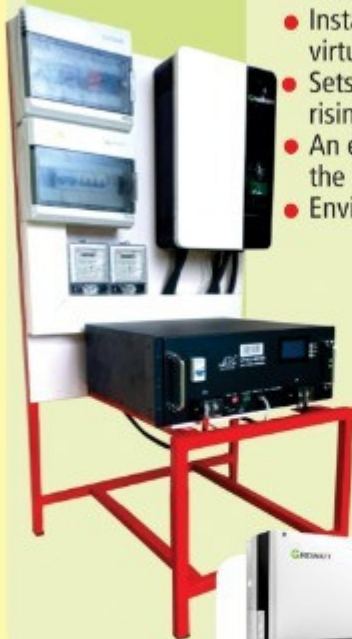

- It's renewable and sustainable
- Numerous environmental benefits
- Freely available from the Sun
- Reduce fossil fuel consumption
- Low noise power option
- Low maintenance solution
- Low running costs
- High return on investment
- ON GRID & OFF GRID- Applications

JA SOLAR

KDM  
Sole Distributor

## OFF-GRID SOLAR POWER SOLUTIONS

- Makes you completely energy independent.
- Installation possible virtually anywhere.
- Sets you free from rising electricity charges.
- An easy alternative for the rural areas.
- Environment friendly.
